#### Easy Adjustable Resistance on 16 levels

To burn more calories, increase intensity and improve muscle tone, simply adjust the bike's resistance. You'll experience faster results and a better workout with the adjustable resistance!

#### SMR™ Silent Magnetic Resistance

This smooth, frictionless resistance system allows you to adjust your workout intensity without interrupting your workout.

#### Adjustable Padded Seat

This adjustable seat is bigger and cushier than most to guarantee you have a comfortable workout. With vertical adjustment, you can find the perfect fit!

#### Dual-Grip EKG™ Heart Rate Monitor

Make the most out of every workout by monitoring your heart rate with sensors built right into the handlebars. Monitor your heart rate with these convenient built-in handlebar sensors.

#### Backlit Display

This blue tint LCD display panel makes it easy to track your speed, time, distance and calories burned so you can monitor your progress throughout your workout.

#### Transport Wheels

The built-in wheels make moving this bike from one place to another fast and easy.

#### CoolAire™ Workout Fan

Stay cool during your workout with the innovative AutoBreeze™ Workout Fan. The fan is built right into the console, just like the AC in your car. You'll stay comfortable longer, so you can reach your goals faster.

#### Compatible Music Port for iPod®

Move to the beat of your favorite music with this built-in sound system. Plug your iPod®, or MP3 Player, into the Interplay® Music Port for unbeatable sound quality. With the iPod® resting on the console shelf, it's within easy reach and leaves the controls right at your fingertips. \* iPod is a trademark of Apple, Inc., registered in the US and other countries. iPod® not included.

#### Intermix Acoustics™ 2.0

Enjoy rich, powerful performance with this built-in sound system, featuring 3" high-excursion drivers—delivering incredible clarity, while reproducing a sweeping range of audio frequencies.

#### Think about the planet and "Love the World"!

Each ProForm products are "Love the World" certified which means that ProForm compensates all carbon emission generate by the Development, Production, Transportation and use of this machine. So stay confident and think about the planet when you acquire this fitness equipment.
